

The background of the page is a close-up, artistic shot of thick, dark chocolate being poured or spread, creating smooth, curved, and overlapping layers. The lighting is soft, highlighting the glossy texture and the rich brown tones of the chocolate. The overall effect is one of luxury and indulgence.

*Le Chocolat* XTACY Company Profile

Established in Dubai in 2005 the Le Chocolat XTACY brand is concept from the USA. Since its inception in the region the brand has only strived for the best and it has become a world leader in customized personalized chocolates and bespoke chocolate gifts producing premium high quality chocolate and gourmet products for super brands. Our chocolates are made using only the finest Belgian chocolate rich in cocoa butter with French and Italian fillings. The chocolates are made in small batches in UAE to maintain freshness, purity and in various gourmet flavors and sizes at a HACCP certified facility.
